# SPECIAL EDUCATION NEEDS PROVISION FOR CHILDREN (SEN Information Report)

Approved: September 2020 Review date: September 2021

As part of the Children and Families Act 2014, Local Authorities are required to publish a 'Local Offer' which sets out support that is available for children and young people with SEND in the local area.

West Sussex's Local Offer is available on the West Sussex website (<a href="https://westsussex.local-offer.org">https://westsussex.local-offer.org</a>) and tells parents how to access services in their area and what to expect from these services.

Alongside this, schools are required to publish information about their arrangements for identifying, assessing and making provision for pupils with SEND. This is the Local offer for Southway Junior School. It describes the arrangements we make that are 'additional' and 'different' for pupils with SEND to support them in accessing the same opportunities as their peers

Southway is a right respecting school and as such upholds the principles of the UN's Convention on the Rights of the child.

Article 28 - ALL children have the right to an education

Article 29 - Education should help children to

- Develop a child's personality, talents and mental and physical abilities to their fullest potential
- The development of respect for human rights
- The development of respect for the child's parents, his or her own cultural identity, language and values.
- Prepare a child for life in a free society in the spirit of understanding, peace, tolerance and equality.
- The development of respect for the natural environment."

At Southway Junior School we believe that every pupil has the right to a broad, balanced, relevant and challenging curriculum, which is appropriate to their individual needs.

Educational inclusion is about ensuring all pupils are able to access the same opportunities, whatever their age, gender, ethnicity, attainment and / or background. An inclusive school is one in which the teaching and learning, achievements, attitudes and well-being of every young person matters.

The following information outlines the support and provision pupils with SEND can expect at Southway Junior School.

The diagram on the next page illustrates the schools graduated response to children's needs. It shows the standard offer of teaching, learning and care for ALL pupils, the additional provision which may be needed by some pupils and the specialist provision available to the few children with significant or complex needs.
